

CLEAN 2000

Clean 2000 is a specialized maintenance product designed for daily/regular cleaning of ceramic and chromium rolls, targeting all types of inks, varnishes, and glues.

Packaged in an 800-gr bottle, this brown viscous liquid is ready-to-use (no dilution required).

The manual cleaning process involves applying the product on the cylinder, wrapping with a plastic film, leaving it from 1 to several hours (possible to leave up to 24h), brushing with a suitable RECYL brass brush, and rinsing with clear water.

Technical specifications:
