

Flexo Circulation Cleaner

The Flexo Circulation Cleaner (FCC) is the specialized cleaning product designed to circulate in the printing machine for daily and deep cleaning of inking groups and doctor blade chambers, targeting water-based inks.

Packaged in a 20-liter jerrican, this colorless liquid (24-month shelf life) is optimized for Recyl heating tanks (60 liters).

Dilution Guide:

- (1:2) Slight soiling
- (1:1) Moderate soiling
- Ready-to-use Heavy soiling

How to Use:

Use it with our Heating Tank (60L) and let it circulate in the printing machine per operating instructions: fill the tank, dilute up to 1:2 based on soiling, rinse thoroughly with clear water (change frequently), and dispose saturated liquid with other effluents.

Technical specifications:

Usage:	Cleaning product
Type of ink:	Water-based ink
Target:	For inking group cleaning
Aspect:	Colorless liquid
Packaging:	20 liters jerrican
Shelf life:	24 months
How to use:	To be used in Recyl heating tank

Dilution recommendation	Degree of soiling
(1:2)	Slight
(1:1)	Moderate
Ready to use	Heavy

Always consult Recyl TDS (Technical Data Sheet), product label, MSDS (Material Safety Data Sheet - upon request) for proper usage instructions and appropriate safety.

Flexo Circulation Cleaner

Cleaning in washing machine (Heating tank 60 liters)

- Refer to the operating instructions of the machine
- Fill up the tank
- Dilute the product up to (1:2) depending on your needs
- Rinse with clear water. Change the rinse water frequently
- Wash out the saturated liquid with other cleaning effluents

Food sector: Product certified compatible by EuPIA guide
(European Printing Ink Association)
