

Quick'Wash BOOSTER

Quick'Wash Booster is a specialized cleaning product designed for daily cleaning of water-based inks, either manually or in cleaning machines (aniloxes, plates, and spare parts).

The product can be used as such or diluted up to (1:3) dilution factor (meaning 1 part of QW Booster for 3 parts of water). The dilution factor always depends on the cleaning habits of the factories, as well as the ink state (dry or wet).

- For manual cleaning, apply the product directly, leave it on for a few minutes, brush with an adapted RECYL brush, and rinse with clear water.
- For machine cleaning, follow the machine's instructions.

Technical specifications:

Usage:	Cleaning product
Type of ink:	Water-based ink
Target:	For daily cleaning of cylinders, inking unit, plates, ...
Aspect:	Colorless to very pale-yellow liquid
Packaging:	20 liters jerrican Eco-Recharge version available
Shelf life:	24 months
How to use:	Product ready for use. Dilution possible up to (1:3) Ideal use temperature at 35°C

Always consult Recyl TDS (Technical Data Sheet), product label, MSDS (Material Safety Data Sheet - upon request) for proper usage instructions and appropriate safety.

Quick'Wash BOOSTER

Hand cleaning or with a fountain

- Apply product directly on dirty part. Leave on for a few minutes
- Brush the surface with adapted RECYL brush
- Rinse with clear water. Change the rinse water frequently

Cleaning in washing machine (Cliché Cleaner or Simplex type)

- Refer to the operating instructions of the machine
- Fill up the tank
- Dilute the product up to (1:3) according to your needs
- Rinse with clear water. Change the rinse water frequently
- Wash out the saturated liquid with other cleaning effluents

Food sector: Product certified compatible by EuPIA guide
